

The Deutsches Nationaltheater Weimar's "Sommertheater" 2021

The Deutsches Nationaltheater Weimar's "Sommertheater" 2021

- implementation of the "Summer Theater" 2021 of the Deutsches Nationaltheater (German National Theater) as a general service provider
- only 8 days between the decision to carry out the project and the first rehearsals
- responsibility for the complete technical equipment of the two plays during the summer
- grandstand for up to 700 guests (depending on the current pandemic situation)
- statics calculation and installation of a rail system for a 200 m² curtain
- stage and technology had to withstand the weather for three months as there was no roof
